Chicago Ill.

Dear Sir:

I am in receipt of your letter of August 24th. you speak vaguely of a Negro Major League of Baseball. From the tone of the letter, I assume you are asking me to join this league.

Will you please write me more details about it. Where was it incorporated? How much is the stock? How many shares are there for sale? etc. What teams are at present members, or are planning to join? What cities will there be teams in?

I have invested a great deal in the baseball, and am of course very much interested in any thing planned where Negro baseball is concerned.

I will be awaiting your reply, so that I may have a better picture of the whole situation.

Very Truly Yours
